Businessman

Dr. Gary Collins
President,
American Association of
Christian Counselors

Dr. Clyde Narramore
Founder & President,
Narramore Christian Foundation

April 24, 1997

Dear Dr. Mayeaux:

Because of your professional standing and circle of influence in the field of Christian psychology, I am pleased to invite you to nominate a peer for an illustrious award -- The First Annual Award for Distinguished Service in Christian Psychology.

For nearly 50 years the number of Christian psychologists has grown from near zero to a strong, thriving force in the United States and abroad -- now some several thousand. Looking beyond their private practices, many colleagues are now serving the needy in unique, exciting ways.

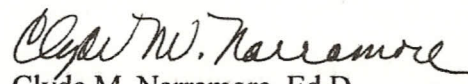

The work of these unsung psychologists will be recognized for the first time by this new award. Your help is needed to identify deserving psychologists, six of whom will receive cash awards of \$1,000-2,000 from our Foundation and be honored in Christian and secular media.

In addition to nominating a colleague, you are also encouraged to copy our ballot and tell us about your own activities for award consideration.

Knowing you are busy, we have done our best to shorten the time it takes to complete this ballot to only a few minutes. You may fax your completed ballot with or without a cover letter. Please note, it is essential to respond before May 30 for consideration by our selection committee. If you have any questions, feel free to call Dr. Bill Dymant at (818) 821-8400 ext. 233.

I deeply appreciate your help and pray that God will continue to make you a blessing as you serve Him in your strategic position.

Gratefully yours,

Clyde M. Narramore, Ed.D.
Galatians 6:10

P.S. Because of our national radio program, Psychology for Living, our referral staff receives numerous calls for help. To be considered for our referral list, please circle your name and address on your completed ballot.
